B. List of classifications in the IDDS**By characteristics**

Characteristics	Classification	Definition	Classification grouping
Demographic	Age	The number of complete years a person has passed since birth. It is derived from month and year of birth.	Please refer to the Annex in Section C
	Duration of Residence in Hong Kong	The total number of complete years for which a person has lived in Hong Kong. Any period of temporary absence from Hong Kong for 6 months or more was not counted in reckoning the duration.	Please refer to the Annex in Section C
	Ethnicity	The ethnicity of a person is determined by self-identification. The classification of ethnicity is determined with reference to a combination of concepts such as cultural origins, nationality, colour and language. This practice is in line with the recommendations promulgated by the United Nations in 2008, and has taken into account the practices of other countries as well as local circumstances. In Hong Kong, a significant proportion of the population is Chinese, and among the non-Chinese, Asians account for the majority. Therefore, there are more Asian related ethnic groups in the classification.	Please refer to the Annex in Section C
	Marital Status	The marital status of a person is recorded according to the status reported by respondents in the Population Censuses/ By-censuses. There is no check on whether the marriage or divorce had undergone any legal registration or ceremony.	Please refer to the Annex in Section C
