註釋:

- (1) 上表的數字乃根據由公營建築工程(指建築署、土木工程拓展署、渠務署、機電工程署、環境保護署、路政署、房屋署及水務署範圍的工程項目)的主要承建商自行填報的行政報表,即「建造工程的地盤工人調配及工資月報表」(GF527(Rev.1/2017))的資料編製而成。這些數字主要用於計算公營建築工程工資成本的變動,而非反映建造業的整體工資情况。
- (2) 一些職業的每日平均工資可能有較大的按月波動,這 主要是由於這些職業的人力需求較小,每月只有很少 數目(且可能與上月完全不同)的公營建築工程聘請 有關工人;而不同工程所需的工人的技術水平/經驗 亦可能有很大差別。
- (3) 根據GF527(Rev. 1/2003)編製的數字,請參閱「由 主要承建商填報有關從事公營建築工程的工人的每 日平均工資」。

如有查詢,請與政府統計處工資及勞工成本統計組(一) 聯絡:

電子郵遞: wages_pscp@censtatd.gov.hk

Notes

- (1) Figures in the above table are compiled based on the information obtained from the self-administered "Monthly Return of Site Labour Deployment and Wage Rates for Construction Works" (GF527 (Rev. 1/2017)) completed by main contractors in the public sector construction projects (i.e. construction projects under the purview of Architectural Services Department, Civil Engineering and Development Department, Drainage Services Department, Electrical and Mechanical Services Department, Environmental Protection Department, Highways Department, Housing Department and Water Supplies Department). They are compiled mainly for deriving the changes in labour costs in public sector construction projects and are not meant to reflect the overall wage situation in the construction industry.
- (2) The average daily wages of some occupations may be subject to relatively large fluctuations from month to month. This is mainly because the number of workers required for these occupations is relatively small such that only a small number of public sector construction projects (which may be completely different from those in the preceding month) employ such workers each month; and the levels of skill/experience of the workers required by different projects could vary largely.
- (3) For figures compiled based on GF527 (Rev. 1/2003), please refer to "Average Daily Wages of Workers Engaged in Public Sector Construction Projects as Reported by Main Contractors".

For enquiries, please contact the Wages and Labour Costs Statistics Section (1) of the Census and Statistics Department:
